OFFER FOR  
COMPANIES

TURIZMO Water Tourism Centre StatekWroclaw.pl has been operating continuously on the Wrocław market for 10 years.

We are distinguished by our extensive, long-standing experience and continuous dynamic development.

This is evidenced by the largest number of ships owned in Wrocław.

However, we do not intend to stop! We already have further state-of-the-art units in the pipeline and are extending our offer with new services.

#### WHY US?

The diversity of our fleet allows us to organise parties and events on a larger and smaller scale - both private and corporate. Importantly, we sail all year round! Among

Wrocław shipowners, we stand out for our comprehensive care and individual approach to every event. Apart from the cruise itself, we ensure the organisation of the entire event by experienced event managers and coordinators, we provide support during the planning of the event and during its course, which allows participants to have peace of mind and good time.

We offer a range of services to enrich the cruise, making it even more attractive: including a professional sound and lighting system that sets a unique mood on , customisable configurations and types of tables/chairs to suit the style of the event and the number of guests, a wide range of

decorations for the entire ship in line with current trends and with the possibility of personalisation. Our event designer will advise, design and prepare personalised decor for the ship, including balloon garlands, sequin walls and even flower arrangements for any occasion. On request, we will organise an Oscar-style embarkation on the red carpet with a welcome glass of champagne.

For fans of adrenaline, an addition to the party we recommend extreme sailing on a fast motor yacht during a cruise on the ship. Our DJs will take care of the great fun and all the funny moments will be captured by a professional photographer!

We will also take care of the delicious meal and drinks. We have a wide range of catering from many cuisines of the world to suit every taste. Barbecue-based catering - the classic barbeque can be freely modified, extended to include fish, vegetarian and vegan dishes. Other ideas? No problem, a selection of meats and cheeses, finger-food, oriental cuisine, classic lunch, desserts - we are only limited by our imagination. The perfect complement is our most popular Open Bar offering; plenty of hot, cold and alcoholic options for everyone.

An experienced catering service oversees everything.

All these years have seen countless emotions, laughter and dancing until dawn. Major anniversaries, engagements, weddings and also corporate events - all with us. We invite you on board. Sail away with us!

According to Harvard Business Review Poland, business leaders spend up to 50% of their working time in business meetings.

A successful meeting provides an opportunity to develop cooperation with clients and to win new business. A very important factor for its success is the organisation and the right environment.

Is the event a team-building event? A party? Training? A conference? Don't want your employees to leave a meeting as if it's just another boring audience? No problem. A boat cruise is an unusual attraction that will live long in the memory.

We have a conference system (projector, screen, sound system), access to electricity, free wifi, sufficient office space for the size of the meeting. Multi-hour training sessions are also not a problem. There are toilets on board at the guests' disposal. During a break, in addition to admiring Wrocław from the side of the river, we will prepare a coffee buffet at the meeting participants' disposal, individually tailored to the guests' preferences. We can also prepare a lunch break based on any cuisine of the world. All organisation is on our side.

We break the stereotype of long and tiring training courses and conferences.
