# PIRATE SHIP & CORSAIR SHIP

---

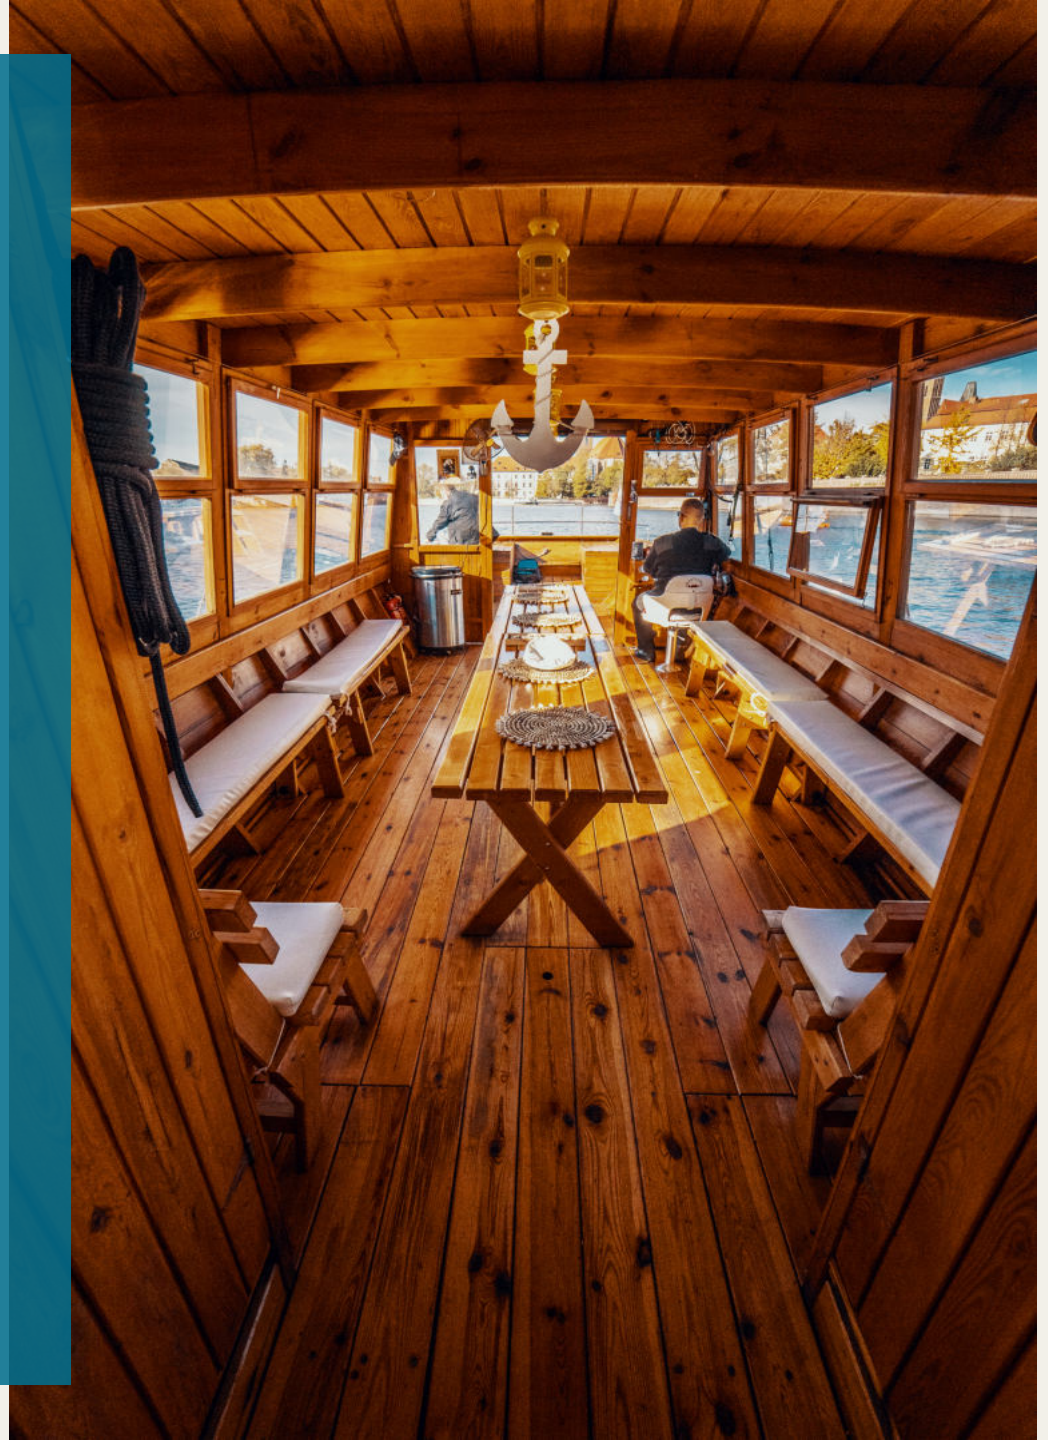

Ideal ships for small, intimate events and celebrations.

They are often rented for fun and integration events, perfect for a small group, especially for hen parties, stag parties and family anniversaries.

Modelled on the 18th-century Galars.

They can accommodate up to 12 people each.

They have a **sundeck** where you can enjoy the city views in the open air, as well as a **closed deck**, which is useful during unfavourable weather conditions.

**Large windows**, on both sides, allow you to observe tourist attractions during the cruise.

There is a **restroom** on both ships which is especially important when organizing longer events.

Thanks to their construction, the ships follow the route with the most attractive part of Wrocław, which is the very center and it allows our guests to see the most important sightseeings of Wrocław observed from river.

A photograph of a festive night scene, likely a New Year's Eve celebration. In the foreground, a person's hand holds a lit sparkler. In the background, a man wearing a red and black beanie and a plaid shirt is smiling. Other people are visible in the background, some holding sparklers. A large teal circle is overlaid in the center of the image, containing the text "Let's have fun on Pirate and Corsair!".
