
THE RUSAIL SHIP

CRUISE TO HOTEL WODNIK

Wrocław, thanks to the arrangement of the Oder channels here, offers opportunities for transport by water.

A boat cruise can not only be a simple transport from the wedding venue to the Wedding Hall, but also one of the attractions during your wedding!

The Rusalka can pick up passengers from the marina at the Hotel Wodnik and set off on a one-hour or longer cruise along Wrocław's beautiful Oder River. Refreshments as as cold drinks and alcohol can be provided on board.

Also popular with our clients are the **ship's amendments**. The day after the wedding we can take your guests and show you Wrocław from the river. A popular option is a post-wedding lunch served on board.

RUSALKA

One of the largest passenger ships in Wrocław, which operates all year round.

It has **two decks**: a large, semi-open, sunny **deck** from which to enjoy the views, and a covered **deck** which, thanks to its heating, provides excellent protection from possible wind, rain and cold. The ship can accommodate **up to 140 people**.

A sound system and disco lighting.

The unit, thanks to its design, allows for any event configuration.

BOHO STYLE

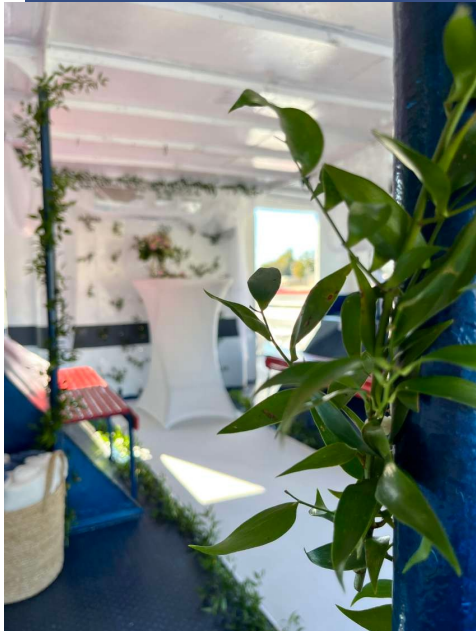

+ nautical accents

One of the hottest trends of recent years. It is a combination of wicker, fluffy grasses, cosy cushions and fabrics for a cosy feel. The nautical accents that match the ship are the perfect complement.

GREENERY STYLE

This style is gaining more and more adherents. Its most important feature is the use of the beauty of plants. The predominant colour is green and natural, minimalist accessories.

MARITIME STYLE

Perfect for fans of the sea breeze. Full of muted colours of navy blue, beige and white. Marine accents and ropes add to the atmosphere on board.

The image is a composite of two photographs. The top photograph shows a close-up of a person's arm and hand, wearing a dark jacket, positioned over a turntable. The lighting is dim and purple. The bottom photograph shows a DJ's hand on a turntable with a glowing red ring. The background is dark with purple and blue lights, and there are some blurred lights in the distance.
